

Voluntary Product Information (VPI)

(in accordance with Article 33 of REACH, based on the format of the safety data sheet set out in Annex II to Regulation (EC) No 1907/2006)

1. Designation of product and company

Item number	8730 9 06ff 8730 5 9 06ff
Item name	Cold Rubber Insulation Tube Forlen Endless Cold Rubber Tube Forlen
Product specifications	Elastomer foam (FEF)
Trade name	
Manufacturer information	Theo Förch GmbH & Co. KG Theo-Förch-Str. 11-15 74196 Neuenstadt Germany
Poison centre (24h service)	Please contact the poison control center responsible for your country.

2. Voluntary information about properties and risks

2.1 Product classification

- The product is not classified as hazardous under CLP.

2.2 Other voluntary information

- Based on current information, there are no known specific risks.

3. Composition/information on ingredients

- Does not contain any hazardous substances subject to labelling requirements.
- The product contains the following classified substances of very high concern (SVHCs).

Name	CAS	EC no. (ELINCS/EINECS)	Concentration range	Classification	H/P statements
Decabromodiphenylethane (DBDPE)	84852- 53-9		> 0.1%		

4. Guidance on safe handling

- Use the product in accordance with its intended purpose.
- Observe general hygiene rules.
- Follow the instructions for use.

5. Use of personal protective equipment (PPE)

- For safe use, a risk assessment and the use of appropriate PPE is recommended.

Limitation and monitoring of exposure at the workplace	
Respiratory protection	Wear respiratory protection if ventilation is inadequate.
Hand protection	Wear tested protective gloves.
Eye protection	Wear eye/face protection.
Ear protection	-
Body protection	Use of protective clothing.

6. First aid measures

6.1 Description

Inhalation	Ensure a supply of fresh air.
Eye contact	Rinse immediately, carefully and thoroughly, with eye shower or water.
Skin contact	Rinse thoroughly with water. Take off contaminated clothing and wash before wearing again.
Ingestion	Rinse mouth immediately and drink a glass of water.
Notes for the doctor	Symptomatic treatment.

6.2 The most important acute or delayed-reaction symptoms and effects

- None known to exist.

7. Storage notes

- Store in a cool, dry and clean place.
- Protect from direct sunlight.

8. Physical and chemical properties

Physical state	Solid
Colour	Grey/black
Odour	-
Other properties	-

9. Stability and reactivity

- Stable under normal conditions.
- No dangerous reactions known to exist.

10. Environmental notes

- No specific environmental risks known.

11. Notes on disposal

- Dispose of in accordance with local regulations.
- Disposal of uncleaned packaging and recommended cleaning agents: Rinse thoroughly with water. Packaging that has been completely emptied can be sent for recycling.

12. Transport information

- Not classified as a dangerous good under ADR/RID, IMDG or IATA.

13. Regulatory information

- No labelling requirement under CLP.
- Does not replace a safety data sheet under REACH.

14. Other information
